Internship opportunity in social innovation consultancy!

Founded in 2010, LeFil Consulting (www.lefilconsulting.com) specializes in the identification, design, growth and replication of innovations that create social and economic value, sustainably and at scale. We work for start-ups and large corporations, donors and NGOs, as well as governments and their constituencies, and have expertise across a broad range of sectors and geographies.

We are expanding our team and are looking for an intern to join us for **at least 6 months**. The ideal candidate should have:

- Strong appetite to put the best of his/her brain and energy to creating positive social impact and inclusiveness, particularly through market-based approaches
- Solid analytical and problem-solving skills combined with flexibility and ability to work on a wide range of tasks and topics, under shifting priorities
- Bachelors diploma or similar
- Fluency in English; Spanish and/or French are a plus
- Ideally, some experience in working in developing countries and/or social development issues
- Prior consulting experience is a plus.

Finally, we like to run LeFil with a start-up mindset: agile, driven by initiative and enterprise, and dynamic. Applicants should enjoy working in small teams, with all the advantages (and disadvantages) that this entails.

The applicant should be based in Zurich or be ready to relocate. We offer flexible working arrangements; salary is commensurate to experience. Limited travelling required.

If you wish to explore this opportunity, please send your CV and cover letter to recruitment@lefilconsulting.com. We look forward to hearing from you.
