Social innovation consultancy looks for talent

Founded in 2010, LeFil Consulting (www.lefilconsulting.com) specializes in the identification, design, growth and replication of innovations that create social and economic value, sustainably and at scale. We work for start-ups and large corporations, donors and NGOs, as well as governments and their constituencies, and have expertise across a broad range of sectors and geographies.

We are expanding our team and are looking for an Intern in Consulting and Project Management starting as soon as possible. This person would mainly be working on a project in the gender/inclusion area in Latin America but could also support other global social impact projects. The ideal candidate should:

- Be located in Central or Latin America
- Have strong appetite to put the best of his/her brain and energy to creating positive social impact and inclusiveness, particularly through market-based approaches
- Have solid organizational and interpersonal skills
- Demonstrate strong interest in gender, diversity and inclusion topics
- Have earned a Bachelors diploma at the minimum; superior grades preferred
- Be fluent in Spanish and English (spoken and written)
- Ideally have some experience in working in developing countries and/or social development issues.
- Have prior consulting experience is a plus.

Finally, we like to run LeFil with a start-up mindset: dynamic, agile, driven by initiative and enterprise. Applicants should enjoy working in small teams, with all the advantages (and disadvantages) that this entails.

The internship will run for a period of 6 months, with the possibility of being upgraded to a junior position after that. We offer flexible working arrangements. Salary will be limited, at least for the first months of the assignment. No to limited travelling required.

If you wish to explore this opportunity, please send your CV (please do NOT include a picture on your CV) and cover letter to recruitment@lefilconsulting.com, no later than **October 31st, 2024**. Please submit the documents in different languages (one in English and one in Spanish).

We look forward to hearing from you!
